SUMMARY

As a computer science engineering student, I am driven to understand and innovate within the technology field. I possess a strong foundation in programming languages such as Python, JavaScript, and basic knowledge in HTML, CSS, and SQL. My coursework has covered data structures, algorithms, and software development methodologies. I also have experience in web development and database management. My passion for technology extends beyond my education. I am eager to apply my skills professionally, and I am open to opportunities that will challenge me to grow as an engineer.

SKILLS

Programming Languages: Python, JavaScript, HTML, CSS, SQL

Libraries & Tools: MongoDB, Express.js, React, Node.js

Soft Skills: Communication, Teamwork, Leadership

Field of Interest: Fullstack Development

PROJECTS

NatyaNirmithi   May 2024 – Present
Machine Leaning Project   *Python, OpenCV, Numpy*
  · Developed a system for generating subtitle for Bharathanatyam Poses
  · Utilized CNN and SVM models for image feature extraction and caption generation

Bank Database System   Aug 2023 – Dec 2023
Database Management Project   *PHP, SQL, HTML, CSS*
  · A database project describing the DB operation
  · Has a login session for user, cashier, and manager with suitable fronted

EXPERIENCE

MongoDB Intern   June 2022 – Aug 2022
QSpiders   *Bengaluru, India*
  · Designing and managing databases using MongoDB.
  · Developed efficient queries to optimize database performance.

Volunteer   July 2023
Akanksha Charitable Trust   *Puttur, Karnataka*
  · Volunteered during a summer camp organized by Akanksha Charitable Trust, VCET, TCS.
  · Taught 30 rural students HTML, CSS, Canva, Office Tools, and Sustainable Development Goals (SDGs).

EDUCATION

Bachelor of Engineering - CSE   2021-Present
Vivekananda College of Engineering and Technology, Puttur   *CGPA: 9.28*

Pre-University - PCMB   2019-2021
Sri Rama PU College, Kalladka   *Percentage: 97.3*

CERTIFICATIONS

  · Currently pursuing: Fullstack Web Development
